Swedish	Beginner

PROFESSIONAL SUMMARY

I am a senior front-end engineer and people-oriented leader with over a decade of experience in building high-quality applications and fostering collaborative, inclusive teams. I currently lead a team of eight engineers, with responsibility for their career growth, project delivery, and well-being. I am now looking for a leadership opportunity in Sweden where I can contribute my skills to a forward-thinking team and continue learning in a new environment.

PROFESSIONAL EXPERIENCE

- Assistant Engineering Manager**

Aug 2024 - Present

Rakuten Travel - Tokyo, Japan

 - Own the career development for all team members through 1:1s, performance reviews, and growth plans.
 - Created and manage projects roadmaps, defining timelines, milestones, and KPIs.
- Senior Frontend Developer**

Mar 2024 - Aug 2024

Rakuten Travel - Tokyo, Japan

 - Led investigations into user conversion rates, using analytics to propose data-backed product improvements.
 - Conducted high-load performance testing to identify and mitigate bottlenecks.
- Front-end Practice Lead**

Apr 2023 - Mar 2024

Abletech - Wellington, New Zealand

 - Mentored and guided the front-end team, serving as the link between developers and management.
 - Provided expert technical opinions and estimates for client proposals (RFPs).
- Senior Developer**

Jun 2021 - Apr 2023

Abletech - Wellington, New Zealand

 - Developed critical applications for New Zealand's Ministry of Health during the COVID-19 response.
 - Spearheaded the partnership to adopt the HL7 FHIR standard, transforming national health data management.

Technical Skills
